What NOT to pack for your trip to the U.S

- Undocumented drugs and medications without their original packaging
- Food (unpacked/unsealed food from animals or plants is not admissible into the U.S. and you might receive a fine at the border if you try to bring them in). For more information, visit the US Customs and Border Patrol website.

Final Check

- Liquids in your carry-on baggage must be very small (travel size) and sealed in a clear plastic bag. It generally is not a problem to pack larger liquid items (shampoo, etc.) in your checked bag. For more specific information visit the TSA guidelines.
- What is your plan to not lose your most important documents while traveling? (passport, etc.)
- There is lots of good shopping around St. Thomas! Have faith and trust that you can find the things you need here pretty easily.
- Have you reviewed the CBP (www.cbp.gov/travel) and TSA (www.tsa.gov/travel) websites?

Keep in mind that we will be going to Target on Monday, August 28th.

If you have any questions about anything regarding your travel plans please feel free to email us at oiss@stthomas.edu
