It is very unlikely that an elementary education major will have room for even a single elective in his or her program.

*Extremely careful planning of the academic schedule* is advised for elementary education majors. Elementary education students must complete an academic co-major in addition to the Elementary Education major. Students may also major in SMEE (Science and Mathematics for Elementary Education).

**DUE TO THE NUMBER OF COURSES REQUIRED AND THE OPTIONS AVAILABLE, STUDENTS CONSIDERING AN EDUCATION DEGREE SHOULD CONTACT AN ADVISOR IN THE DEPARTMENT OF TEACHER EDUCATION AS SOON AS POSSIBLE IN THEIR COLLEGE CAREER.**

Please direct questions about major requirements, and departmental policies and procedures to the current Department Chair.
