Aquinas Scholars Student Board
12/8/09

I. Director’s Report

II. President’s Report
   a. Beth would like a food person for next semester
   b. Service events with Up ‘till Dawn and CILCE went ok
      i. We need a new service chair for next semester
   c. Resolutions
   d. Meet at the end of J-term

III. Vice President’s Report
    a. T-Shirts

IV. Other Committee Reports
Goals for Scholars – 2010

Resolution for 2010 Goals

WHEREAS, we, the Aquinas Scholar Student Board, strive continually to improve the quality and participation in our academic community.

WHEREAS, the 2009 NCHC Conference provided inspiration and ideas to improve our program.

BE IT RESOLVED that we will work to implement the following goals for 2010:

1. **Space in Anderson Student Center**: The board should work to set aside space in the new student center for a lounge. This is an integral part of building community within the university and program.

2. **Honors Housing**: We will work with Residence Life to establish floors in the residence falls for freshman male and female honors students. This is the perfect way to establish a living-learning community within the program. The benefits of such a community are many in number (GPA improvement, a sense of community, etc.).

3. **Point System**: Scholars would be required to attain a certain amount of points per year and would receive points for participation in the program. This would incentivize participation in Scholars programs and events. We also hope to put together a unified calendar of events to let participants know, well in advance, of our events.

4. **Improve attendance at the Freshman Retreat**: Hold a mandatory retreat/orientation prior to the semester’s beginning. This would probably require that freshman move into the residence halls earlier than most students.

5. **Financial Transparency**: In order to more effectively improve and run the program (and subsequent events), being aware of the program’s budget is necessary.
