The cost of an undergraduate education today is a substantial investment, one which is likely to be your second largest next to a home purchase. If you are hurt or become ill and cannot complete the term because you are forced to withdraw for medical reasons, you stand to lose thousands of dollars.

While most colleges provide partial refunds for withdrawals, they are limited and usually effective only when you withdraw early in the term. This Tuition Refund Plan dramatically enhances the college refund schedule and provides more generous refunds throughout the entire term should you need to withdraw for medical reasons.

Enrollment in the injury and sickness Tuition Refund Plan will alleviate a significant portion of your financial loss. The Plan will return a large percentage of your tuition and allow you to re-enter college when a term must be repeated. It will provide funds which can reduce your loan obligations under government or private loan programs.

The Plan is administered by A.W.G. Dewar, Inc., Quincy, Massachusetts, now in its ninth decade of service to the educational community. Today, over 1200 leading independent schools and colleges throughout North America offer the Plan. The Plan described below has been specifically designed for the needs of college students and parents. It offers a unique benefit of a significant refund of term tuition and fees when you are forced to withdraw for medical reasons at any time during the term.
WHAT THE PLAN COVERS

INJURY & SICKNESS WITHDRAWALS

80% of the insured term tuition and mandatory fees, less any refund or credit due you from the University, will be refunded provided your physical condition is certified by a licensed physician and forces you to completely withdraw from all classes for the balance of the term.

MENTAL HEALTH WITHDRAWALS

80% of the insured term tuition and mandatory fees, less any refund or credit due you from the University, will be refunded provided your medical condition is certified by a licensed physician and you have completely withdrawn from all classes for any condition whose diagnosis is found in the DSM-V Manual.

In both cases above, a “complete withdrawal” from the college is required. This means you have given written notice that because of an injury or sickness you will not be able to complete the term and you will not receive any academic credit. A written statement from your doctor certifying the injury or sickness and college verification will be required.

CONDITIONS OF COVERAGE

Your protection covers a full academic year from the opening to closing date. You must sign up for coverage before your first class day. This coverage refunds on a semester basis only. Your premium covers a full academic year, however, it will be charged to your student account on a per semester basis by the University. If you start classes after the opening date, you can still enroll in the Plan if you sign up for coverage before your first class day. No applications can be accepted after you start classes. Coverage ceases on the last day of formal academic instruction by the College or University due to any reason.

Room, Meals, or other charges that are not billed or paid to the College or University cannot be insured.

EXCLUSIONS
