Student name: ________________________________

Internship position: __________________________ Organization: __________________________

1. Revisit your learning goals for the internship. Evaluate how well you think you have progressed toward accomplishing your goals. Was the internship what you expected?

2. What have you learned academically and professionally during your internship? What have you learned about your potential vocational path?

3. How would you evaluate the type of work you and your organization carried out in relation to the types of social analysis/critique you’ve learned about in the Justice and Peace Studies Program?

Signature of student: ________________________________ Date: ______________
