Student name: ________________________________

Internship position: _________________________ Organization: ____________________________

1. Describe the typical work that you are involved in at your organization.

2. Evaluate your personal and vocational skills and abilities (rate from 1-5: 1—needs more work, to 5—exceptional)
   a. ___ asks appropriate questions
   b. ___ shows initiative
   c. ___ accepts constructive feedback
   d. ___ is punctual and reliable
   e. ___ has good verbal communication skills
   f. ___ manages time well
   g. ___ is able to work effectively with others
   h. ___ can work independently
   i. ___ practices good problem-solving skills
   j. ___ shows commitment to justice & peace

3. Revisit the learning goals that you initially developed for the internship. On which items have you made the most progress? Where is there room for improvement on your part? Do you think any of your original goals should be revised?

4. What difficulties are you encountering? How do you feel about your supervision? Is there something that your site supervisor or your UST internship supervisor could do differently to help you more effectively reach your goals?
