FALL 2014
International Enrollment
Executive Summary

September 26, 2014

Dear Colleagues,

We are pleased to present you with this report on the international student community at the University of St. Thomas (UST). International Student Services assumes responsibility for serving our rapidly growing international community of students and scholars. We track, report, and provide services for over 500 enrolled and graduated international students.

This report serves as a statistical resource about our international students (including degree seeking, exchanges, and other non-immigrant visa holders). This report does not include international scholars who serve as researchers, faculty members, or short-term lecturers at UST nor does it include immigrants such as green card holders, asylees, or refugees.

If you have questions, please contact me at frie2554@stthomas.edu.
