Welcome back from spring break! We are already halfway through spring semester!

The first official day of Spring was Friday, March 20th. With spring comes warmer temperatures and ample opportunities to explore the many outdoor activities the Twin Cities have to offer. Check out one (or all) of these experiences:

**Baseball**

The Minnesota Twins home opener is April 13th which means baseball season in Minnesota is almost underway! Take in a game at Target Field and then head to one of the many neighboring restaurants for lunch or dinner. Minneapolis restaurants are always buzzing during Twins games! To see a schedule of home games and to buy tickets head to the Minnesota Twins website.

Did you know that St. Thomas has a men's baseball and women's softball team? Check out this schedule to see when you can go see a game!

**Farmer's Markets**

As we move into spring, farmer's markets will start to pop up all over Minnesota. Two of the biggest and most well-known markets are in Minneapolis and St. Paul. Check out their websites for information about hours, special events and what fresh fruits and vegetables are in season!

**Minneapolis Farmer's Market**

312 East Lyndale Avenue North, Minneapolis

**St. Paul Farmer's Market**

290 E. 5th Street, St. Paul

**Parks and Trails**

Do you enjoy running, biking, or hiking? Minnesota is known for its natural beauty and spring is the perfect time to enjoy it! Check out Explore Minnesota's website for a list of trails, parks and lakes popular among Minnesota's outdoor enthusiasts.
