

UNIVERSITY OF ST. THOMAS
CRIME REPORT FORM

In lieu of a victim report directly to Public Safety, completion of this form by you becomes the official crime report for submission to Public Safety.

When victims do not want disclosure of a crime to go further than you, explain you are required by law to submit statistical data to Public Safety and it can be submitted without identifying the victim.

Complete this form in a timely way and once for each crime (defined below) disclosed to you to ensure you help St. Thomas comply with Federal law and to assist with annually disclosing accurate crime statistics.

Submit a form even if you are unsure whether an incident should be reported or if it is criminal in nature.

Complete this form even if a victim reports speaking with another person on campus or if you will be referring the victim to another department.

Detailed data, including personally identifying information when available, is essential for addressing and categorizing crime, to assess campus risk, and to avoid double-counting crimes.

For crimes posing a serious or ongoing threat to the campus community, detailed information in this report may be used to issue timely warnings or emergency notifications.

Note:

If a hate crime occurs where there is an incident involving intimidation, destruction/damage/vandalism of property, larceny/theft, simple assault, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, etc... the assault is then also classified as a hate/bias crime.
