

Lee & Penny Anderson Arena Construction Update

April 12, 2024

Ryan Companies is leading construction of the Lee and Penny Anderson Arena for the University of St. Thomas. Demolition of Service Center is complete. Demolition of McCarthy Gym will be completed next week. Construction of the footings and foundations for the arena has started, and the tower crane will be erected by mid-April.

University community members are requested to use the pedestrian routes as shown in the map below.

* Public Safety will meet with emergency vehicles at the designated emergency meeting location and direct them to the necessary access point.
