

**Summary****IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2019.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

Total grant aid awarded to all undergraduate students		\$137,783,985
Number of undergraduate students who were awarded a Pell Grant		1,146
Percentage of FTFT students who were awarded any financial aid		98%
	Percentage of FTFT students who were awarded grant aid by type	Average amount of grant aid awarded by type
Total	96%	\$25,547
Federal Government	21%	\$5,291
Pell	21%	\$4,619
Other Federal	17%	\$800
State/Local Government	30%	\$4,381
Institutional	95%	\$23,233
	Percentage of FTFT students who were awarded and accepted loans by type	Average amount of loans awarded and accepted by type
Total	54%	\$9,487
Federal	53%	\$5,213
Non-federal	54%	\$4,356
Average net price for FTFT students who were awarded grant aid		\$29,645
Average net price for FTFT students who were awarded Title IV federal student aid		
\$0 – 30,000		\$27,460
\$30,001 – 48,000		\$26,365
\$48,001 – 75,000		\$26,172
\$75,001 – 110,000		\$28,674
\$110,001 and more		\$31,032

**Military Service members and Veteran's Benefits**

	Number of students receiving benefits/assistance	Total dollar amount of benefits/assistance awarded through the institution
<b>Post-9/11 GI Bill Benefits</b>		
Undergraduate students	88	\$1,884,115
Graduate students	66	\$793,376
Total	154	\$2,677,491
<b>Department of Defense Tuition Assistance Program</b>		
Undergraduate students	17	\$62,000

	Graduate students	8	\$17,500
	Total	25	\$79,500

## Student Financial Aid

## University of St Thomas (174914)

Source	Description	Severity	Resolved	Options
<b>Screen: Part D - Enter Information about Group 3</b>				
Screen Entry	The number entered is outside the expected range of between 63 and 115 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The number of students in this category increased significantly due to the addition of St. Thomas' reduced-tuition two-year program aimed at low-income students to help with college access. These students were not eligible for on-campus housing.			
<b>Screen: Part E - Enter Information about Group 4</b>				
Screen Entry	The number entered is outside the expected range of between 1 and 33 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	UST had no FTFT undergraduate students awarded Title IV federal student aid living off campus not with family during the 2018-19 academic year.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	"There is a disproportional number of our two-year program students in this income category. The two year program is offered at reduced-cost aimed at lower income students to assist with the achievement gap. The average combined institutional/federal/state aid figures for this group dropped significantly for two reasons: students in the two-year program, because of the already significantly reduced cost of the program do not receive the same level institutional aid and the state funding for the two-year program is significantly lower for the two-year program as compared to a four-year program."			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes

The two year program is offered at reduced-cost aimed at lower income students to assist with the achievement gap. The average combined institutional/federal/state aid figures for this group dropped significantly for two reasons: students in the two-year program, because of the already significantly reduced cost of the program do not receive the same level institutional aid and the state funding for the two-year program is significantly lower for the two-year program as compared to a four-year program."			
Screen Entry	The total amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 16,737,863 and 27,896,437 based on the prior year value. Please correct your data or explain. (Error #7332)	Explanation	Yes	
Reason:	The number of students overall increased significantly from the previous year and students were awarded more generous institutional aid than in the prior year.			
Screen Entry	The number entered is outside the expected range of between 49 and 89 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The number of students in this category increased significantly due to the addition of St. Thomas' reduced-tuition two-year program aimed at low-income students to help with college access. These students were not eligible for on-campus housing.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. (Error #7317)	Explanation	Yes	
--------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------	-----	--

Reason: The majority of institutional funds at St. Thomas are granted in academic merit awards, not in need-based awards. In comparing the academic credentials of this group, there is a marked difference from the average credentials of our general population which led to lower institutional awards in this income group.

**Screen: Military Servicemembers and Veteran's Benefits**

Screen Entry	This value is out of range compared to the prior year amount. Please correct your data or explain. (Error #7265)	Explanation	Yes	
--------------	------------------------------------------------------------------------------------------------------------------	-------------	-----	--

Reason: Last year we included Yellow Ribbon Program funds and this year we have not.

Screen Entry	This value is out of range compared to the prior year amount. Please correct your data or explain. (Error #7265)	Explanation	Yes	
--------------	------------------------------------------------------------------------------------------------------------------	-------------	-----	--

Reason: Military tuition assistance funds can only be used for courses approved by the Military Tuition Assistance Program and are applied for directly by the student. The amount of tuition assistance paid each year directly correlates to the courses taken and the amount of assistance requested by each qualifying student.
