THE ROOMMATE GROUP PIN PAGE IS DISPLAYED

STEP 8. OPTIONAL – FOLLOW INSTRUCTIONS FOUND ON THE PAGE TO UPDATE YOUR ROOMMATE GROUP PIN.

CLICK NEXT STEP (FOUND AT THE BOTTOM) TO CONTINUE.

Roommate Group PIN

Are you planning on living with roommates on-campus?

During the housing selection process you will need a Roommate PIN (Personal Identification Number) if another student plans to pull you in to a space on campus. We recommend (but do not require) that all students in a Roommate Group select the same PIN to simplify the pull-in process. Because our system is lottery based, you may not know which of your set of roommates will need to pull-in the remaining roommates, so all students in a group should set a PIN to be prepared.

Set your Roommate Group PIN below and then share it with the student who has your permission to pull you into a space on campus. You will receive a confirmation email after a student pulls you in to a space. The student with the best selection time should pull in all roommates in your group.

*If you are not prepared to set a PIN number at this time, or want to change your PIN later after you have identified a group of roommates, you will be able to change your PIN on the landing page of the housing portal. (If you change your PIN, the other roommates in your group **do not need** to change their PIN).*

You are not required to have roommates to be able to select housing on campus!

Set Up Your Roommate PIN Here!

- You can reset your PIN at any time, so if you forget it, just click the Roommate Group PIN button found on the Residence Life landing page to access the form and reset and re-submit a new PIN.
- The PIN can be any length between 4-10 digits long. We recommend using 4 digits.
- Please enter your desired PIN in the space provided below.
