

KEVIN M. THEISSEN
Professor
Department of Geology, University of St. Thomas
Mail # OWS 153, 2115 Summit Avenue St. Paul, MN 55105-1080
Tel: (651)-962-5243 Fax: (651) 962-5209 E-mail: kmtheissen@stthomas.edu

EDUCATION

Ph.D., Department of Geological and Environmental Sciences, Stanford University 2003
Dissertation: "Geochemical Investigations of Quaternary Paleoclimate and Environmental Change from Lake Titicaca, South America and Prydz Bay, Antarctica" Research Advisor: Dr. Robert Dunbar

B.A. (*Magna Cum Laude*), Department of Geology, Carleton College 1996

POSITIONS HELD

Professor
Department of Geology, University of St. Thomas, St. Paul, MN Sept 2017 - present

Associate Professor
Department of Geology, University of St. Thomas, St. Paul, MN Sept 2009-Sept 2017

Associate Professor and Chair of the Department
Department of Geology, University of St. Thomas, St. Paul, MN July 2012 – Jan 31, 2017

Assistant Professor, (tenure-track)
Department of Geology, University of St. Thomas, St. Paul, MN Sept 2006 – Sept 2009

Assistant Professor, (five- year limited term, non-tenure track)
Department of Geology, University of St. Thomas, St. Paul, MN August 2003-September 2006

TEACHING EXPERIENCE

Introductory level courses designed and taught for undergraduate students in geology and for non-majors: *The Earth's Record of Climate (GEOL 162)*, *Earth History (GEOL 130)*, *Introduction to Physical Geology (GEOL 111)*. Enrollments: 20-85 students.

Intermediate level courses designed and taught for undergraduate students in geology and non-majors: *Regional Geology and Field Methods (GEOL 260)*, *Field Methods and Sustainable Energy in Iceland (GEOL 298)*, *Oceanography (GEOL 220)*. Enrollments: 15-25 students.

Upper level courses designed and taught for undergraduate students in geology: *Environmental Geochemistry (GEOL 310)*, *The Earth's Record of Climate (GEOL 462)*, *Advanced Regional Geology and Field Methods (GEOL 460)*, and *Advanced Earth History (capstone)*. Enrollments: 5-15 students.

Continuing education for senior citizens (Selim Center at UST): Developed and taught *Blue Planet: An introduction to Oceanography and Marine Geology* 9/21/16 – 10/26/16.

Instructor Summer 2001
Stanford Continuing Studies Program, Stanford, CA.
Designed and taught short course *South Bay in Motion: San Andreas Rift Structures* for continuing studies students.

Teaching Assistant Sept. 1997 – Sept. 2001
Department of Geological and Environmental Sciences, Stanford University, Stanford, CA.
Teaching assistant for *Earth History* (instructor: Donald Lowe), *Fundamentals of Geology* (instructors: Dennis Bird, Gary Ernst, Michael McWilliams, and Kathleen Surpress), and *Stable Isotope Geochemistry* (instructor: Robert Dunbar)

Teaching Assistant

August 1996-June 1997

Biosphere 2 Center Earth Semester Program, Oracle, AZ

Teaching assistant for the interdisciplinary program *Earth Semester* (instructors: Dr. Ann Holmes, Dr. Michael Molitor, and Dr. Frank von Hippel)

GRANTS

Funded External Grants

- American Chemical Society Petroleum Research Fund Undergraduate Research Grant (PRF-UG): “Reservoir heterogeneity and facies characterization of rift basin microbial carbonates: insights from the Miocene Horse Spring Formation and the Modern Lower Pahranaagat Lake”, \$70,000. With Tom Hickson Lead P.I. and Theissen, Co-P.I., **Awarded 10/24/14**
- NSF Collaborative Research (RUI): Burial of Organic Carbon in Temperate, Shallow Lakes. Co-PI with Dr. Kyle Zimmer, \$446,655, **Awarded 7/1/09**
- “Carbon sequestration in Minnesota’s wetlands: An important sink with management implications” funded by the Initiative for Renewable Energy and the Environment of the University of Minnesota, \$330,000. Awarded **6/17/05**. With co-investigators, Dr. James Cotner (lead), Dr. Shinya Sugita, and Dr. Kyle Zimmer
- “Support for research infrastructure in physics and geology” funded by the Minnesota Space Grant. \$88,813 Co-funded with: Martin Johnson (lead), Dr. Gerald Ruch, Dr. Adam Green, Dr. Thomas Hickson, Dr. Jeff Jalkio, Dr. Melissa Lamb, and Dr. Marie Lopez del Puerto.

Funded External Work Contracts

- Paleolimnological study in the Comfort Lake-Forest Lake Watershed District, Chisago Co., MN, Phase I and II. With Dr. Mark Edlund, St. Croix Watershed Research Station. \$65,688 in total; **Funded 2/16/16**.

Funded Internal Grants

- UST Young Scholars Grant to J. Duggan and K. Theissen. Use of an SEM to Explore Potential Microscale Microbial Features in Modern Lacustrine Systems. \$4950 Awarded 3/16/18.
- UST Collaborative Inquiry Grant to S. Horns and K. Theissen. An Extended Record of Climate Change in the American Southwest: A paleoclimate analysis of the Great Basin. \$1500. Awarded 5/5/16.
- UST Faculty Partnership Grant to W. Cavert and K. Theissen. Climate Science and Climate History. \$2277. Awarded 4/26/16.
- UST Young Scholars Grant to J. Frahm and K. Theissen. A Sediment Geochemical Investigation of the Lower Pahranaagat Lake: Deciphering Hydrological Change in the Great Basin during the Medieval Climate Anomaly and Beyond. \$4750. Awarded 3/21/14.
- UST Collaborative Inquiry Grant to N. Hermann and K. Theissen. Exploring the Geochemistry of Minnesota Lakes: A Study of a Three-Lake System, Scott County, MN. \$1500. Awarded 11/12.
- NSF-STEP funded sub-grant: “Proposal for NSF-STEP Funds To Support a Joint Geology and Biology GIS Curriculum Development Workshop” \$5000. Awarded 3/12/10.
- UST Collaborative Inquiry Grant to B. Czeck and K. Theissen (Patagonia work), \$2000. 2009
- UST Faculty Development Research Assistance Grant, “Detailed Holocene paleoclimate records and the development of an accurate paleothermometer for southern Patagonia” \$5700. Awarded 4/15/08.
- UST Bush Foundation Dissemination Grant “Presentations of student-faculty collaborative research in geology at the Institute for Lake Superior Geology meeting” \$1889, awarded 4/12/07.
- UST Young Scholars Grant to K. McNulty and K. Theissen. Ostracods as indicators of past ecological change in Lake Christina, \$4500. Awarded 4/17/07.
- UST Collaborative Inquiry Grant to M. Pikus and K. Theissen. Trace element and isotopic studies of Lake Amarga sediments, \$2000. Awarded 12/1/06.
- UST International Education Center awarded \$2000 grant for travel to Iceland with Engineering professor Camille George, fact-finding for interdisciplinary course trip on geoenvironment. Awarded 7/27/06.

- UST Collaborative Inquiry Grant to C. Connelly and K. Theissen. Research on the chemistry of warm intervals in “Snowball” events, Death Valley Region, \$1500. Awarded 12/13/05.
- UST Collaborative Inquiry Grant to M. Kendall and K. Theissen. Patagonia research, \$1500. Awarded 12/13/04.
- UST Collaborative Inquiry Grant to C. Hill and K. Theissen. Patagonia research, \$1500. Awarded 12/13/04.
- UST Bush Foundation Dissemination Grant, “Presenting the results of student-faculty collaborative research in geology: the ‘Snowball Earth’ and ‘Bitter Spring Quad’ projects” \$2855. Awarded 4/04.
- UST Young Scholars Grant to R. Sharma and K. Theissen. “Diatoms as an indicator of past climate in relation to alternative equilibria in shallow lakes”, \$4500. Awarded 4/04.
- UST Faculty Development Research Assistance Grant, “Lake sediments as a window on the climatic history of Tierra del Fuego since the last ice age”, \$3900. Awarded 12/03
- Stanford University McGee Foundation Award, “Alkenone molecular fossils from Lake Titicaca sediments”. \$5000. Awarded 5/1/99.
- Stanford University McGee Foundation Award, “Investigation of molecular fossils from Lake Titicaca, Bolivia and Peru”. \$5000. Awarded 5/1/98.

Submitted External Grants

- National Geographic Society Committee for Research and Exploration (CRE) Grant Proposal “Detailed Holocene paleoclimate records and the development of an accurate paleothermometer for southern Patagonia” grant pre-application request for \$14,200 was approved April 22, 2008. Full grant proposal with updated \$18,564 request submitted 7/11/08. Received good to excellent ratings by three reviewers but **not funded**.
- “Land of 10,000 (changing) Lakes: Understanding and protecting Minnesota’s natural and cultural legacy”, NCUR/Lancy Initiative. With co-investigators Dr. Jennifer Cruise, Dr. Kyle Zimmer, Dr. Paul Lorah, and Heid Erdrich. \$40,000 requested (grant submitted 8/11/05)
- NSF RUI/MRI Acquisition of a Continuous-Flow Combustion/GC Isotope Ratio Mass Spectrometer with an Environmental Analyzer (EA) for Climate Change Research in Chemistry and Geology. Co-PIs: Rebecca Bilek, Anthony Steyermark, Kevin Theissen, and Kyle Zimmer. \$310,741 requested (submitted 1/22/04, grant was given high ratings by NSF reviewers but not awarded due to lack of support for laboratory technician).

ORAL PRESENTATIONS OF RESEARCH

- “A 5800-year record of paleohydroclimate from Lower Pahrnagat Lake, southern Great Basin Presentation given at “Continental archives of Past Global Changes: from Quaternary to Anthropocene” Symposium, University of Minnesota, Minneapolis, MN (5/24/18)
- “A 5600-year record of paleohydroclimate from Lower Pahrnagat Lake, southern Great Basin” Geological Society of America Annual Meeting, Seattle, WA (10/23/17)
- “Land-use change, regime shifts, and carbon cycle dynamics: pre-settlement to recent histories from west-central MN prairie shallow lakes” Minnesota Section of the American Institute of Profession Geologists Meeting, Roseville, MN (3/7/17)
- “They Don’t Sell Ice in Iceland! Lessons learned on a field geology course in the land of fire and ice” Geological Society of America Annual Meeting, Baltimore, MD, (11/2/15).
- “The Pahrnagat Lakes Project: Successfully incorporating original research into an undergraduate field geology course”, Geological Society of America Rocky Mountain and Cordilleran section meeting, Bozeman, MT (5/20/14)
- “A 200-year record of regime shifts, land-use change, and management from a prairie wetland”, Geological Society of America Annual Meeting, Charlotte, NC (11/6/12)
- “What do our students know about climate change?”, Geological Society of America Annual Meeting, Minneapolis, MN (10/9/11)
- “A post-settlement transition towards phytoplankton dominance in shallow west-central Minnesota lakes”, Geological Society of America Annual Meeting, Minneapolis, MN (10/10/11)
- “Historical carbon burial in shallow lakes of the Prairie Pothole region” Geological Society of America North Central-South Central Regional Meeting, Branson, MO (4/12/10)
- “A centuries-long record of paleolimnological change in the Prairie Pothole Region of Minnesota: Preliminary Geochemical Results” Minnesota Chapter American Fisheries Society Annual Meeting, St. Cloud, MN (3/20/07)
- “Paleoecology of Shallow Lakes in the Prairie Pothole Region of Minnesota: Preliminary Geochemical Results”, Minnesota Section of the American Institute of Profession Geologists Meeting, St. Paul, MN (3/6/07)
- “Paleoindicators in Lake Sediments: Examples from the Americas”, Carleton College Geochemistry of Natural Waters seminar (5/24/05)
- “A 25,000 year record of paleoecological change from Lake Titicaca, South America” Dartmouth College Department of Geology seminar (7/16/04)
- “Exploring Holocene Paleoclimates of Tierra del Fuego Using Lake Records” University of Minnesota, Duluth Large Lakes Observatory Seminar (10/7/03)
- “A 25,000 year record of paleoecological change from Lake Titicaca, South America” University of Minnesota, Duluth, Geology Department Lecture Series (10/7/03) and University of Minnesota, Twin Cities, Quaternary Paleoclimate Seminar Series (10/22/03).
- “Late Pliocene-Pleistocene climate change in the Prydz Bay region: Stable isotopic records from ODP Leg 188.” American Geophysical Union Fall Meeting, San Francisco, CA (12/01).

- “Stable isotopic records of Pleistocene climate variability in the Prydz Bay region, from ODP Site 1167” ANTOSTRAT Symposium, Erice, Italy (9/9/01).

WORKSHOP and SHORT COURSE PRESENTATIONS

- “Using GeoMapApp, Google Earth, Ocean Data View, and similar resources in marine geology and other SGPPM courses” Innovative Approaches to Teaching Sedimentary Geology, Geomorphology, and Paleontology “workshop, 6/17/14 and 6/18/14.
- Invited Presentation, “Greenhouse Emissions Reduction Role-Play Exercise” Climate Literacy and Energy Awareness workshop “Communicating Climate Science in the Classroom”. 4/5/12
- Invited Presentation, “Cooperative learning in a geology course: a role-playing exercise” UST Summer Faculty Development Teaching Workshop, 8/8/08.
- Invited Presentation “The Geology Department Assessment Plan” UST Bush Foundation “Department and Program Assessment” workshop, 1/8/07
- Invited Presentation, “A carbon dioxide data exercise for use in a large enrollment geology course” NSF supported workshop “Integrating Math and Science in Division Courses” at UST, 5/24/06

WORKSHOP and SHORT COURSE PARTICIPATION

- UST teaching workshop, “Online Elements for Face-to-Face Courses”, 4/27/18.
- UST Office of Sustainability workshop, “Enriching Course Content Through Sustainability” 5/23/17.
- UST teaching workshop “Inclusive Instruction: Transparency and its Impact on Learning” 12/2/16
- On the Cutting Edge Workshop “Innovative Approaches to Teaching Sedimentary Geology, Geomorphology, and Paleontology, Saint Paul, MN, “6/16/14 – 6/20/14 [invited co-Convener for the workshop]
- Geological Society of America Short Course: “Teaching Energy: Important But Unfamiliar Concepts, Emerging Themes & Grand Challenges” Denver, CO, 10/26/13.
- National Association of Geoscience Teachers (NAGT) On the Cutting Edge Workshop “Teaching Climate Change: Insight From Large Lakes” Duluth, MN, 6/19/12 – 6/20/12.
- UST STEP program funded workshop: “Geology and Environmental Science GIS Curriculum Development Workshop” 8/3/10 – 8/5/10 and 8/10/10 (both participant and organizer).
- Geological Society of America Short Course: “Teaching Climate Change and Earth History Using Ocean Drilling Data in Introductory Geoscience Courses” Portland, OR, 9/17/09.
- UST Faculty Development January Seminar: “Purple, Grey, and Green II: Infusing Sustainability into the UST Curriculum”, 1/10/08 -1/11/08.
- “Improving the curricular focus, pedagogies, and lab experiences in introductory, focused-topic geology courses” UST, 7/23/07-7/24/07.
- National Association of Geoscience Teachers (NAGT) workshop, “Teaching the Ocean System using new research techniques: Data, Models, and Visualizations”, University of Washington, Seattle, 7/6/05-7/9/05.
- Bush grant faculty workshops: “Its all in our heads” and “The new assessments”, UST, 8/11/04.
- NAGT Early Career Faculty Workshop: “Teaching, Research, and Managing Your Career” College of William and Mary, Williamstown, VA and National Science Foundation, Washington D.C. 6/12/04-6/17/04.
- UST Faculty Development Spring Workshop: “Enhancing Course Planning to Improve Student Learning”, 4/19/04.
- NAGT workshop “Designing Effective and Innovative Courses in the Geosciences” Hamilton College, Clinton, NY, 6/27/03-6/31/03.

HONORS

- University of St. Thomas Undergraduate Research Award for Faculty, 2017
- Schlanger Ocean Drilling Program Fellow, 2001-2002
- Carleton College Distinction in Geology Major, 1996

SERVICE and CITIZENSHIP

University Service

Dougherty Family College clinical faculty search committee (environ. geology)	Nov. 2017 - present
UST Undergraduate Research and Collaborative Scholarship committee	Sept. 2015-present
UST Environmental Science Executive Committee member	Sept. 2013 – present
UST Science Division Environmental Science Program Committee	Sept. 2003 - 07
UST Faculty Affairs Committee	Sept. 2011 – May 2012
UST Ad Hoc Council on African-American Issues	June 2006 - present
UST College of Arts and Sciences Ad Hoc Committee on Assessment	Oct. 2006 - 08
UST Science Technology Engineering and Mathematics (STEM)Project Advisory Committee (proposal preparation, planning, and development of NSF-funded Summer Academy program)	Sept. 2003 - 2009
UST Science Scholars Committee member	Sept. 2005 – May 2012
Goldwater Scholarship Committee member	Sept. 2006 – May 2012
Chair of UST Goldwater Scholarship Committee	Aug. 2007 – May 2012
UST Faculty Senator	Sept. 2005 -May 2006
Child Care Task Force	Oct. 2014 - present

Professional Service

- Manuscript reviewer for journals: *Nature Scientific Reports*, *Freshwater Biology*, *Palaeogeography*, *Palaeoclimatology*, *Palaeoecology*, *Science of the Total Environment*, *Sedimentary Geology*, *The Journal of Geochemical Exploration*, *Environmental Science and Pollution Research*, and *Proceedings of the Ocean Drilling Program*
- Research proposal reviewer for *The National Science Foundation* (both mail-in reviewer and panelist), *The American Chemical Society-Petroleum Research Fund*, *The Research Council of Norway*, *Fondo Nacional de Desarrollo Cientifico y Tecnologico (FONDECYT)Gobierno de Chile*, and *University of Minnesota’s Water Research Program*.
- Textbook reviewer for publishers *Pearson* and *Springer-Nature*
- Reviewer of numerous pedagogical materials for the *Climate Literacy and Energy Awareness Network (CLEAN)* website.
- Antarctic Drilling Program Scientific Measurements Advisory Panel member 2004-2006
- Service to Science Education Resource Center (SERC) (reviewer of pedagogical materials and evaluation of geoscience education website).
- Invited external program reviewer for Natural Science program at College of Saint Benedict- Saint Johns University, January, 2015.

Invited Presentations to the Public

- Invited presentation: “Recognizing and reducing our collective impact on ocean life” Invited presentation For Citizens Climate Lobby, Coon Rapids, MN (6/8/17)
- Invited presentation: “Recognizing and reducing our collective impact on marine life” Citizens’ Climate Lobby, Maple Grove, MN (6/7/16)
- Invited presentation: “What Minnesota Lakes Tell Us About the Last 10,000 Years”, Geological Society of Minnesota, Minneapolis, MN (11/17/14)
- Invited presentation: “Lessons From the Geologic Record of Climate”, Anoka-Ramsey Community College, Cambridge, MN (4/22/11)
- Invited presentation: “Climate Change, What We Know and What We Can Do About It”, UST Aquinas Scholars Symposium, (4/21/10)
- Invited keynote speaker, “Global Warming: What We Know and What We do Not Know” Event for the North Central Program For Science and Technology and The University of St. Thomas Department of Theology, (12/3/07)
- Invited presentation on climate change to Interfaith church group, Unitarian Universalist Church of White Bear Lake, MN (10/9/06)
- Invited presentation: “From Greenhouse to Icehouse to ?: The Geological Record of Climate and an Uncertain Climate Future”, Twin Cities Chapter American Meteorological Society, Chanhassen, MN (5/17/05)
- Invited presentation: “The Science of Tsunami” UST Day of Remembrance and Hope for tsunami victims and their families (2/15/05)

- Invited presentation: “The Geological Perspective on Climate Change” UST Symposium on Environmental Affairs (3/30/04)

Other Citizenship and Community Service

- Volunteer event coordinator for geology events at *Market Science* Summers 2015-2017
- Faculty liaison, UST Minority Students in Science club Sept. 2007 – June 2012
- Faculty liaison, UST Geology club Sept. 2004 – Sept 2013
- Faculty mentor, UST Multicultural Student Services (MSS) Sept. 2005 - present
- Faculty workshop facilitator, UST MSS Linkages program Aug. 2007 - 2009
- Volunteer geology teacher for National Youth Sports Program, July, 2005
- Volunteer geology teacher for Groveland Park Elementary School, Jan., 2008
- Invited lectures on past and future climate change for several UST biology, physics, and engineering courses
- Contributed articles on Geology and sustainability in Iceland to *St. Thomas* and *CAS Spotlight* magazines
- Narrator for NOAA Science on a Sphere dataset “Acidifying Oceans: Oceans and Climate Change”, shown at science museums nationwide that host the *Science on a Sphere* display.
