

Integrated Health and Wellness Committee

Recent Activity

- Divided work among committee members to examine specific health occupation/programming areas (e.g. nursing, health coaching, PT & OT, music therapy, public health)
- Beginning to meet with unit leaders to discuss possible areas of integration and expansion
- Scheduling meeting with Board of Trustee member, who works in health care sector to discuss health education programming and underserved populations.
- Met with Mayo Clinic personnel to discuss shared interests, their ideas for health care personnel needs, and possible areas for additional partnership.
- Planning for analysis of data obtained from Brown Bags and Ideas Festival
- Participated in Dashboard training and established initial working structure using Trello
- Summarized committee's work and future programming possibilities at Campus Master Planning workshop
